

★ CENTRALIZE ADVISING EFFORTS

- List and describe your areas of law.
- Manage cross-discipline advising efforts.
- Organize and streamline communication between the legal department, internal clients, and outside counsels.
- Retain your legal history based on pre-defined standards and preserve your corporate legal memory.

★ MONITOR YOUR ANALYSIS

- Put validation tools in place.
- Monitor your volume and level of service.
- Anticipate key dates by activity and supervisor.

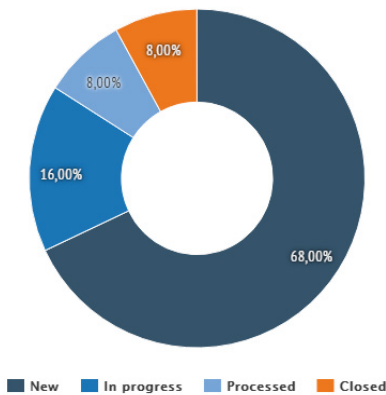

★ MASTER YOUR FINANCIAL IMPACT

- Plan and manage your budget visually.
- Manage and control your expenditures and fees in real time.
- Assess risks of budget overruns thanks to logic and visual graphs.

★ MEASURE YOUR ACTIVITY

- Provide analytics on your key performance indicators (KPIs): how departments within the organization are utilizing the legal department, number of matters by business unit, timeframe for case resolution, matter status reporting, legal staff performance and time utilization.
- Access documents and deadlines with a powerful search and reporting engine.
